Silver

"The information contained herein is correct at the time of publication; due to Pride's commitment to constant improvement and development, we reserve the right to alter specifications without prior notice".

"Theoretical range is calculated under test conditions in accordance with European standards. Actual range in normal use will depend on many factors, including the condition of the vehicle and its batteries, the weight of the driver, correct tyre pressures, ambient temperature, and the gradient and surface of the road or pavement".

## Features

- Power tilt and power recline standard
- Outstanding tight-space manoeuvrability
- Narrow 64 cm (25") width and compact 85 cm (33.5") length
- Maximum speed of up to 8 km/h (5 mph)<sup>1</sup>
- Adjustable seat frame
- Unique new design, seating system is integrated with the base
- Width and depth adjustable armrests

## Options

- Flat-free tyres
- Pediatric legrests
- 70° swing-away footrests
- 80° heavy-duty leg rests
- 70° elevating leg rests
- Heel loops
- LED lighting

### FOOTNOTES:

- 1) Range and speed vary with user weight, terrain type, battery charge, battery condition and tire pressure.
- 2) Due to manufacturing tolerances and continual product improvement, this specification can be subject to variance of + or - 3 %.
